CRECON Research & Consulting Inc.

Information Security Management System Certification

ISO27001Certification

CRECON Research & Consulting Inc. (CRECON) announces to award the ISO27001 Certification, an international standard for Information Security Management System (ISMS) on June 29, 2017.

CRECON collects data related to medical and pharmaceutical products from pharmaceutical wholesalers, and supplies it mainly to drug manufacturers packaged into the latest trends in drug demand or marketing information. As a company handling valuable data, we recognize that it is essential to build and maintain a high-quality information security framework. By acquiring the ISO 27001 Certification, third-party institution has proved that we have an adequate information security system. CRECON takes this step as continuous effort to maintain and improve the information security structure.
